Veloe® multi Bosch Cargoline

BOSCH CARGOLINE

SHIMANO EP6

Featuring rapid acceleration, the Veloe® multi Bosch Cargoline provides a convenient and efficient solution for everyday transportation. Its performance ensures smooth journeys, making it an ideal choice for daily travel.

With the trusty Shimano EP6 mid-engine at its core, the Veloe® multi Shimano provides consistent performance, making it perfect for your daily errands, school pick-ups, and weekend escapes.

ACCESSORIES FOR LIFE

From practical add-ons to stylish upgrades, Veloe® provides a diverse range of accessories designed to cater to every rider's needs. Cargo racks and bags provide ample storage for groceries, gear or daily essentials, while footrests and handlebars are necessities for safety and comfort.

Veloe® multi A MIDLIFE STORY

Versatile and specially designed that caters to families through every phase of life. From the exhilarating early years of parenthood to the individual days of adventure, Veloe® multi is the perfect companion for every family and a mobility friend for individual riders.

Capable of handling everyday necessities and heavy loads alike, Veloe® ensures you can transport groceries, luggage, and other items without sacrificing space for yourself and your passengers.

We are deeply committed to ensuring that children experience an enjoyable journey to school, recognizing the profound impact their observations and experiences have on shaping their behavior and attitudes towards learning and their environment.
